1. During the reporting period, 1 October 1962 through 31 March 1963, a total of eight Office of Logistics employees left the Agency through resignations in lieu of separations.

2. In October 1962 a Logistics Services Division was created, to which those OL functions considered to be in direct supporting role to Agency components and personnel in the departmental area were transferred. Additional ceiling required for supervision and direction of the functions transferred to this activity was diverted from other OL components, and no change in the total authorized on-duty ceiling for the Office of Logistics resulted.
